Quick start assessment

For each of the following terms:

- place a mark in the second column if you have ever heard or read about the term

- place a mark in the third column if you can explain the term to a classmate who never heard about it before, from the top of your head.

Term	Have seen	Can explain
POSIX		
GNU		
BSD		
shell		
socket		
pipe		
signal		
process		
environment variable		
`man(1)`		
`mount`		
`/proc`		
`strace/ktrace`		
`make`		
`valgrind`		
object code		
`ld`		
`dyld/ld.so`		
`int 0x80`		
syscall		
`void (*)(int)`		
`fork/exec/clone`		
`malloc/free`		
`mmap/munmap`
